

For those of you interested in Disaster Medicine, a couple of resources:

1. Official Response Groups to join/look into:

- MRC (Medical Reserve Corps)-- definitely join this!
- NYC Cert
- Red Cross New York
- International Groups: NYC Medics, Team Rubicon

2. Textbook: I recommend Ciottone's Disaster Medicine

3. At SUNY/KCHc

- To train/join SUNY Disaster Response Team email Clarence Bryant @ clarence.bryant@downstate.edu or clarendedbryant1@gmail.com
- International Disaster Workshops (we do about 4/year)
- Research Projects (many active ones)
- Monthly Emergency Preparedness Meetings (email Dr. Daniel for SUNY schedule, email Dr. Salway for KCHC schedule)

4. Online resources/courses:

- FEMA Emergency Management Institute (EMI) Professional Development Series Course: Principles of Emergency Management (IS-00230); Incident Command Series IS-100,200,700,800; EMI course: Exercise Design (IS-00139)

In person:

- FEMA training in Anniston, AL (free for US citizens <https://cdp.dhs.gov/>)
- Radiation training course in Tennessee (not free) --<https://orise.orau.gov/reacts/index.html>

5. Journals/Organizations/Conferences

- PDM (Prehospital and Disaster Medicine)
- WADDEM (World Association for Disaster and Emergency Medicine) Conference (every 2 years)
