## Morning Report

Prior to the morning shifts in our ER, a senior resident gives a small talk reviewing a high-yield topic. Below is an example of two of our recent morning reports! Please click below to view!

["Cannabinoid Hyperemesis"](#) by Dr. Sophia Sharifali

["Transvenous Pacing Review & Troubleshoot"](#) by Dr. Taylor Douglas

## Previous Conference Lectures

If you are unable to attend, we also have a YouTube channel featuring recorded conference lectures. For this month, we felt these lectures would provide useful information to you all!

["POC Echo & 60/60 Rule"](#) by Dr. Chris Hanuscin

["Undomiciled"](#) by Dr. Noah Berland

## Blog Posts

We also have a resident-run FOAM blog where our residents submit posts on various topics. Here is one of this month's most popular posts!

[Atrial Fibrillation in WPW Syndrome – Pearls and Pitfalls](#) by Alumni, Dr. Delna John

## Research

Lastly, we have a robust research team that is routinely conducting studies and publishing articles. Here is a recent article of interest!

Baron BJ, Scalea TM. Not Yet Time to Abandon Cervical Collars in Blunt Trauma. Acad Emerg Med. 2020 Sep 23. doi: 10.1111/acem.14136. Epub ahead of print. PMID: 32966661.
